## Mission Statement

At StoneCutters we endeavour to provide a quality product for you and your family. We make almost everything on our menus ourselves, and source as much as we can locally. We want to give you the best value possible, while providing you with outstanding comfort food. When you have finished we want you to feel like you have just had a big hug from your mammy!!

Our staff is here to help you with anything you may need; including local knowledge and information. We try to allow for any special dietary requirements or desires you may have so please let us know. We are aiming to reduce our all our waste and energy consumption so are members of BEN (see back of menu)

We would be delighted to hear if you have any ideas to improve our services to you. We hope you will enjoy your StoneCutters experience, be patient with us and will come back to see us again and again.
